To whom it may concern

John Ford has worked as an excavation contractor at Rand Brothers for over 30 years.

During these many years he has prepared groundwork's for our extensive grain store including digging out footings for buildings, preparing drainage systems for water disposal, grading sites for lying of concrete and also road ditching.

He provides an extremely professional operation showing diligence and dedication to finish work on time whilst always maintaining high levels of workmanship. His service can always be relied upon and I would not hesitate to recommend his quality services to others.

Yours Sincerely

David Rand  
Rand Brothers
